WELCOME TO THE BROWDWELL FAMILY

I'm Jenny, and I wanted to be the first to say hello, and to tell you why any of this exists.

DISCOVER 24K GOLD

WHY I STARTED BROWDWELL

I kept hearing the same thing from women everywhere.

The fine lines were arriving no matter how much they spent on creams. The under-eyes looked tired after a full night's sleep. The drugstore products only sat on the surface.

Their skin felt like it was giving up on them, and so did mine.

Then I discovered what 24k gold does in the deeper layers of the skin, and I couldn't leave it alone.

- Jenny Henderson, Founder

WHAT GOLD DOES

FOUR THINGS 24K GOLD DOES FOR SKIN

Collagen

gold particles penetrate the skin's layers to help promote healthy collagen production.

Firmness

more elasticity and firmness, for a more youthful-looking complexion.

Brightness

healthy blood flow that evens tone and reduces the appearance of dark spots.

Protection

antioxidant defense against the free radicals behind premature aging.

DISCOVER 24K GOLD

WHAT TO EXPECT FROM ME

OVER THE NEXT FEW DAYS

- ✓ Stories from real women who are getting their glow back, in their own words.
- ✓ Tips and simple habits that firm, brighten and hydrate, and the ones that waste your money.
- ✓ The science behind gold, explained the way a friend would, not a chemist.
- ✓ Offers you will not find anywhere else, including one this week for new subscribers only.

Hey [Name],

Jenny here again from Browdwell.

I wanted to reach out and ask you a quick question...

What's your number one concern about your skin?

Is it the fine lines and wrinkles?

The dark circles and puffiness that make you look tired when you're not?

The dryness, blotches, or uneven tone?

Or the dark spots that keep getting darker?

Reply and let me know. I read every answer myself, and they decide what I write next, so your reply shapes the tips that land in your inbox this week.

THE SCIENCE, EXPLAINED THE WAY A FRIEND WOULD

browdwell.

THE TRUTH ABOUT AGING SKIN

It is not what you think, and it is not inevitable. Two minutes, and you will see your face differently.

SEE HOW GOLD WORKS

WHAT'S ACTUALLY HAPPENING

THREE THINGS NOBODY TELLS YOU

- 1 It is not inevitable**
Most women think that once you hit your 40s, firmness goes, the under-eyes look tired and the only option is to cover it up. The signs of aging can be slowed down and, in appearance, reversed.
- 2 It starts on the inside**
As we age, skin produces less and less collagen, the protein that keeps it firm and elastic, the complexion even and the under-eyes smooth. When collagen drops, fine lines deepen and dark circles settle in.
- 3 So the fix has to go there too**
Creams that sit on the surface cannot reach the layer where collagen is made. 24k gold particles penetrate deep into the skin's layers to help promote healthy collagen production, support elasticity and firmness, and improve blood flow for a brighter, more even complexion.

SEE HOW GOLD WORKS

A NOTE FROM JENNY

That is why I created Browdwell. Not another cream to cover the signs of aging, but a luxurious, effective way to work on your skin from the inside of its layers out. It is working, and the women below are the proof.

“WORTH EVERY PENNY”

Samreen

A NOTE FROM JENNY

How amazing is that? Samreen looked at the price, closed the tab, and came back. Now she says it's worth every penny, because her skin is radiant and plump and the texture has changed.

I know what you might be thinking: that's great for Samreen, but will it work for me?

There is nothing special about Samreen. No special genes, no expensive facials, no filters. She just used it consistently, and now her skin glows.

IS 24K GOLD ACTUALLY SAFE FOR YOUR SKIN?

It is the question I get most. The short answer is yes. The long answer is below, ingredient by ingredient.

SEE WHAT'S IN THE JAR

A NOTE FROM JENNY

Gold has been used in skincare for centuries, from Cleopatra's gold masks to the gold facials in the most exclusive spas today.

The 24k gold particles in our products are completely safe for skin. They penetrate deep into its layers to help promote healthy collagen production, which means more elasticity and firmness, and they provide antioxidant protection against the free radical damage that causes premature aging.

Every formula is made by proven experts to hydrate and nourish your skin cells, not strip them.

- *Jenny Henderson, Founder*

WHAT'S IN THE JAR

FOUR INGREDIENTS, ONE JOB EACH

- **24K Gold**
supports collagen, elasticity, circulation and antioxidant protection in the deeper layers of the skin.
- **Snail Extract**
nourishes and helps the under-eye area feel smooth and soft.
- **Sodium Hyaluronate and Glycerin**
the double-hydration pair that draws moisture in and keeps it there all day.
- **The Cooling Roller Tip, in our Eye Roller**
improves circulation under the eyes so puffiness and dark circles look less at home.

SEE WHAT'S IN THE JAR

WHAT IT IS NOT

NOTHING IN IT THAT STRIPS YOUR SKIN

- ✓ Formulated by proven experts to address dryness, unevenness, blotches and wrinkles while hydrating and nourishing.
- ✓ Designed for daily use, morning and night, for the long term.
- ✓ You know exactly what you are putting on your face.
- ✓ Covered by our 30-day money back guarantee, so the only risk is not trying it.
